

Praise the Lord

Christ's love to you dear brethren. We are praising God because of His abundant blessings in our mission trip. We are also grateful to all dear brethren for their prayer and support in our Bangladesh mission.

We are rejoicing God with our all hearts because He is helping us all of works in Dinajpur. We have gotten the success for six months works here in Dinajpur, which is really a great blessing. We have two established Churches here, about 40 families in two Churches. Since six months we have preached and taught to them. We are seeing now huge difference in them from what we have seen in first time. They are now stable in their mind for Jesus Christ. We are seeing them thirsty for Christ. At first time we called them to come and join in Christ worship. But now they wait for us, they yearn for Christ's word. Their teaching has been almost done as per schedule. Although like seen that some of them are out of religious modesty. It's because of couple hundred years of habit, superstition, ancient belief, orthodox and social and religious customs etc.

We are grateful to our God for His wonderful day and time to preach and teach Gospel all members that we most needed. As says in 2nd Timothy 4:2 ***“Preach the word; be instant in season, out of season; reprove, rebuke, exhort with all longsuffering and doctrine.”*** This time we did great gathering in each field. We preached and taught them what God want them, what God want to speak them. We told them if we don't obey God, follow His commandments, and don't come to His Word, we will be under His wrath. We may loss many things. We especially taught them to come in Church. We preached to them many important things from the Bible, like creation, God is a wonderful creator who created everything even man; God's blessing; man's fall; God's wrath; and obviously God's son Jesus Christ is only savior as we said ***Acts 16:31 “...Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house.”*** We also taught young and children. We made a Sunday school note from the Bible and gave to them. In this hand note has some basic and important questions with answers and some Bible verses too. We especially taught all guardians about their children. We quoted one verse from the Bible, Proverbs 22:6 ***“Train up a child in the way he should go: and when he is old, he will not depart from it.”*** We taught them send your children to Church, Sunday school. This is the high time we need to preach, teach and train up children with God's word. We need to fill up their heart with God's word. When they will grow up neither they will forget nor leave the True word of God. After that we pray to God for them, their heart and the prayers they told us. We also tested memorizing bible verse. Even we gave them food, gift. We noticed some good sign of believing Jesus Christ in them.

We are planning for baptism in next month. For that holy program we are teaching them. We are asking prayer for them that God open their eyes and mind. Godspeed
