

Testimony of Ranjit Biswas

Testimony of Ranjit Biswas (In his own words - translated):

I am Ranjit Biswas, I was born 14th October 1956 at Village: Laudobe, Post: Dacop, Dist: Khulna, Bangladesh. It is a very remote village and 55 km far from Khulna city. My father was a carpenter and also in other hand he worked as a boatman. My mother was a house wife but for our big family she had to work at a fish processing company as a part time worker. I have 3 brothers and 1 sister; I am the 2nd oldest son.

I was in a boarding school from the beginning and I completed my SSC from there in 1974. But, I couldn't read more because of my family condition as my elder brother also stopped going in 1969 for the same situation. I joined to his working place, it was a cold storage and I worked there about 6 months. In that time I got a call from a pastor who is from BBCS (Bangladesh Baptist Church Sangho) and he asked me to join in training for a pastor. I was very interested because I saw the life from very near and it was a very crucial moment and I was fed up! I agreed and I went there and completed the 1st year courses and joined as a pastor and also as a Sunday school teacher. I was worked there 42 years and in that long time I completed more courses and became a Pastor superintendent and I worked the country of Bangladesh as a BBCS pastor.

I married in 1983 and we have a son and a daughter. My daughter married 2008 and she is living with her husband,. My son is with us and studying. I retired 2016 from my BBCS job and from that time I was not working but I was continuing my Pastoral work independently.

In 2020, my nephew brother Hilton, the Bangladesh overseer for Working Faith Fellowship Church and it's ministry Global Mission for Children. He invited me one day to his home for a worship meeting and there I heard his preaching and it was totally different from what I understood. He never hide the real truth of Jesus as so many do in the "churches" of the world. People are trying to compromise preaching with the world in so many ways to tickle the ears of the listener. They preach a gospel that does not save and sadly this was me.

I was very interested and joined his fellowship regularly. One day he invited me to visit one mission field with him and there I saw the true working miracle of Jesus Christ. In my entire career, I never experiences this genuine type of gathering and preaching.

He gave me the statements of faith of WFF for study and I start study and after some time I decided to join them. After the study, Hilton and Dyaniel taught me more of what was needed to work with WFF.

I am really very blessed with them as a team and I thank God for this transformation later in my life. From 2022 January with Lord anointing and all approval, I started working with Working Faith Fellowship Church Bangladesh with my nephews and the brethren. I am continuing my work with the team and we are doing the best as our Heavenly Father leads us. I request to all true saints walking holy and Biblically perfect for Jesus (Matthew 5:48/1st John 2:6) to pray for me so that I can continue my my labouring for Christ Jesus, the one true God, until my last breath. God bless.
